

ANNUAL SAFETY REVIEW

PROCEDURE

- All MRI technologists and other MRI personnel will provide documentation of completing annual education training regarding safe MRI practices, which include:
 - Patient and non-MRI personnel screening
 - Patient safety
 - Full-stop and final check in Zone 3
 - Zone 4
 - Burn prevention measures
 - MR nonconditional cardiac devices
 - Specific absorption rate (SAR) and specific energy dose concerns
 - MRI safety response procedures for medical emergencies
 - MRI emergency shutdown procedures
